

VANETTI'S 45th ANNIVERSARY

Dear Customer,

We are delighted to announce that we are celebrating **forty-five years** of producing masterbatches for colouring thermoplastic resins.

Since **1971 Vanetti S.p.A.** has been committed to fulfilling every possible customer requirement with regard to colourings and additives for plastics in the fields of extrusion, moulding and blowing. Our passion for colour and our customer service are just two of the reasons why people choose Vanetti. We use technologically advanced equipment and carefully select only the finest quality raw materials so our masterbatches can deliver outstanding performance guaranteed.

Our company is mindful and aware of environment issues and safeguarding our planet, which is why we have always selected ecocompatible raw materials to use in our products. Now, with all this experience, we have perfected a range of biodegradable products: **BIOMASTERBATCHES®** that use biodegradable solutions to really safeguard our planet.

We would like to thank all our customers for their serious and knowledgeable approach to working with us as this helps our company to grow and improve our technical offering.

As ever we are at your complete disposal to meet all your colouring requirements.

Thank you once again.

Kind regards.
